Regenerative Medicine

March 2014 Vol. 9 No. 2 ISSN 1744-0751

Editorials

- Stem cell research: should be treated as a case-by-case decision for specific clinical research avenues

News & Views

- News
- Research highlights
- Research news

Research Articles

- **Cellular differentiation:** Molecular mechanisms in stem-like culture and when placed back into organism: implications for pluripotency and cell fate
- **Challenges in the development of pluripotent stem cell-based therapies:** The higher production of RA13 transgene expression for the mouse

Special Issues

- **Regenerative medicine applications in combat casualty care**
- **Stem cells, aging, and life and the impact of stem biology on life span and health**

Bioanalysis

February 2014 Vol. 6 No. 12 ISSN 1751-4180

Future ONCOLOGY

Volume 6, Issue 12, February 2014

Future VIROLOGY

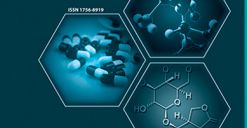

February 2014 Vol. 6 No. 12 ISSN 1751-4180

CONCUSSION

Volume 6, Issue 12, February 2014

Future Medicinal Chemistry

June 2012 Vol. 4 No. 3 ISSN 1751-4181

Epigenomics

Volume 4, Issue 3, June 2012

Personalized Medicine

July 2012 Vol. 9 No. 5 ISSN 1744-0751

EDITORIAL

- **Personalized medicine: clinical trial: the challenge ahead:** The need to assess drug utilization before and prior to treatment

News & Views

- News
- Research highlights
- Research news

Research Articles

- **Challenges to the implementation of precision medicine:** The need for a comprehensive, iterative and testing of pharmacogenomics
- **Challenges to the implementation of precision medicine:** The need for a comprehensive, iterative and testing of pharmacogenomics

Special Issues

- **Personalized medicine: applications in combat casualty care**
- **Stem cells, aging, and life and the impact of stem biology on life span and health**

July 2012 Vol. 9 No. 5 ISSN 1744-0751

Journal of Comparative Effectiveness Research

Volume 1, Issue 1, May 2012

July 2012 Vol. 7 No. 7 ISSN 1744-0751

Nanomedicine

Volume 7, Issue 7, July 2012

July 2012 Vol. 13 No. 9 ISSN 1744-0751

Pharmacogenomics

Volume 13, Issue 9, July 2012

December 2013 Vol. 3 Issue 6 ISSN 1744-0751

Neurodegenerative Disease Management

Volume 3, Issue 6, December 2013

January 2013 Vol. 3 Issue 1 ISSN 1744-0751

Future Science OA

Volume 3, Issue 1, January 2013

July 2013 Vol. 1 No. 1 ISSN 1744-0751

International Journal of Pharmacokinetics

Volume 1, Issue 1, July 2013

May 2013 Vol. 1 Issue 1 ISSN 1744-0751

Pharmaceutical Patent Analyst

Volume 1, Issue 1, May 2013

June 2012 Vol. 4 No. 12 ISSN 1744-0751

BIOELECTRONICS IN MEDICINE

Volume 4, Issue 12, June 2012

January 2013 Vol. 3 Issue 1 ISSN 1744-0751

CNS Oncology

Volume 3, Issue 1, January 2013

Future Science Group (FSG) is an independent publisher, based in London, with an expanding and diverse group of journals in cutting-edge areas of postgenomic scientific and medical information. FSG houses three imprints; Future Medicine, Future Science and Newlands Press. All journals are peer reviewed and many are also indexed on MEDLINE, Clarivate's Science Citation Index Expanded and Emerging Sources Citation Index, EMBASE, Chemical Abstracts, DOAJ, PubMed Central and Scopus. We also offer DRM-free perpetual access to a wide variety of eBook collections.

ALL PUBLICATIONS ARE:

ORIGINAL AND TIMELY

Blending commissioned and unsolicited content, including reviews, research and commentaries, to ensure that readers are kept comprehensively up-to-date with the latest advances and techniques in bioscience and clinical practice, whatever their discipline.

SUPPORTED BY STRONG EDITORIAL STANDARDS

All journals are underpinned by robust double-blind peer review ensuring only articles of the highest quality are published. Authors benefit from a supportive in-house editorial team, taking them from pre-submission enquiries, right through to publication and beyond.

VISIBLE AND ACCESSIBLE GLOBALLY

To ensure 24/7 access and maximum discoverability, all of our titles are hosted by Atypon on industry-leading websites.

FUTURE MEDICINE AT-A-GLANCE

Journal	MEDLINE-indexed	Impact factor (2017)	Frequency	Launch year
Open access journals				
Breast Cancer Management	No	n/a	Rolling	2012

EBOOK COLLECTIONS

We offer DRM-free perpetual access to a wide variety of eBook collections.

BIOTECHNIQUES

ISSN (PRINT):

0736-6205

ISSN (ONLINE):

1940-9818

FREQUENCY:

12 issues per year

IMPACT FACTOR:

2.098 (2017)

BioTechniques is a MEDLINE-indexed, peer-reviewed, open access journal that provides the life science research community with an invaluable resource to access the latest methods, techniques and protocols.

COVERAGE INCLUDES:

- Bioengineering & Biophysics
- Cell Culture
- Computational Biology
- Drug Discovery & Development
- Epigenomics
- Forensics
- Genetics & Genomics
- Microbiology
- Microscopy & Imaging
- Plant Biology
- Protein Analysis

INSTITUTIONAL & ACADEMIC SUBSCRIPTIONS

Academic pricing is set regardless of size or number of sites. All academic institutions receive 5 years of content. For a quote, contact subscriptions@futuremedicine.com.

CORPORATE

Corporate pricing is set depending on the size of the company and the number of sites. Corporate institutions receive 2 years of content (backfiles of content are available on request).

CONSORTIA

FSG works with consortia of various types and sizes, and welcomes discussion with all consortium managers. COUNTER-compliant usage statistics are provided for each institution. The benefits for the consortium include discounts on list price. Members have the flexibility to select the publications they want to include, or FSG will work with the consortium to create customized packages.

INDEXING

FSG titles are abstracted and indexed in all the main databases including MEDLINE/ Index Medicus, EMBASE/Excerpta Medica, Scopus, Clarivate's Science Citation Index Expanded and Emerging Sources Citation Index, DOAJ, PubMed Central and Chemical Abstracts.

INSTITUTIONAL TRIALS

If you would like to trial our content, simply get in touch at: trials@future-science-group.com.

Trials can be to single publications or entire collections; the choice is yours. We will work with you to decide on the best time and duration for your institution.

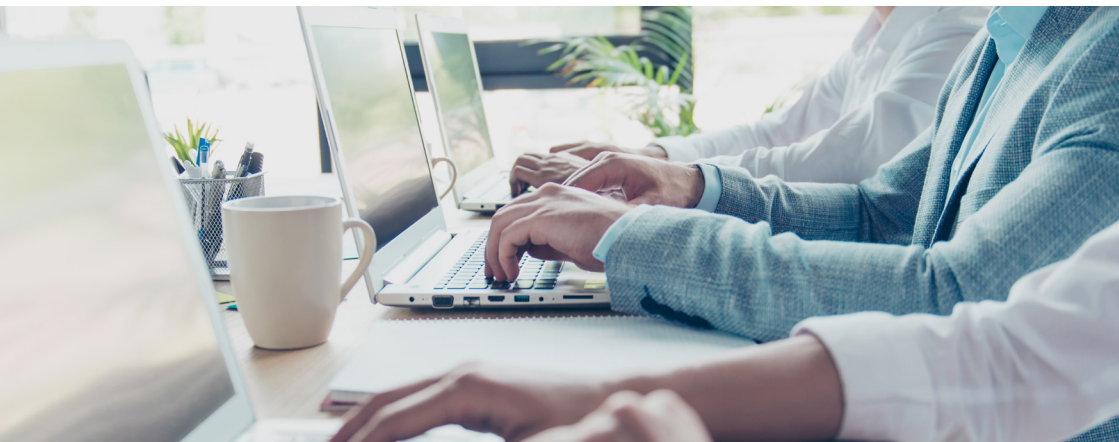

DURING THE PERIOD, YOU HAVE:

- Full-text access to the titles you select
- Detailed usage statistics from our Atypon-backed platform
- Support from our in-house technical team
- Control over the duration, visibility and promotion of the trial

Fair usage limits apply. For more details speak to a member of our team.

SERVICES

- Flexible purchasing
- Accessible for all institution types
- COUNTER-compliant usage reports
- ATHENS & Shibboleth authentication compliant
- Reliable publishing platform
- Dynamic customer services
- Promotion tools on request
- Collection leasing

DIGITAL HUBS

In addition to our journal content, FSG publishes seven digital hubs, which enable professionals to easily connect and collaborate with their peers in niche scientific fields. Enriched with high-value expert insight and integration with social media, our hubs provide a route to further broadcast content published in our associated publications.

3D MedNet

Covering 3D printing and bioprinting in medicine and healthcare

www.3dmednet.com

Infectious Diseases Hub

Covering all aspects of medical microbiology, from bench to bedside

www.id-hub.com

Bioanalysis Zone

Market-leading online resource for the global bioanalytical community

www.bioanalysis-zone.com

Neuro Central

Uniting all aspects of neurology and neuroscience

www.neuro-central.com

Oncology Central

Delivering the latest news and insights in the fast-moving field of oncology

www.oncology-central.com

BioTechniques

The latest methods, techniques and protocols for the life science research community

www.biotechniques.com

RegMedNet

The latest research on all regenerative medicine topics from stem cells to regenerative pharmaceuticals

www.regmednet.com

SPONSORSHIP OPPORTUNITIES

Each of our digital hubs offers a variety of sponsorship opportunities, which include:

- Expert interviews and reviews
- Infographics
- Online symposia
- Spotlights
- Surveys and polls
- Video production
- Webinars

TESTIMONIALS

“Bioanalysis Zone is doing an excellent service to the scientific community by organizing/hosting webinars on interesting and useful topics”

- Alliance Pharma

“It has been a pleasure working with Bioanalysis. A publication is only as good as its interface to the readers and contributors. Let me tell you that you are superior in that respect!”

- Boehringer Ingelheim

“Regarding the webinar process, it was very straightforward and painless. I appreciated all the guidance and information you were able to provide us beforehand. It was also great that you were flexible to other options (us providing a recorded presentation). The webinar seems to have launched in a timely, smooth manner”

- Thermo Fisher Scientific
